**AGRONOMY TECHNICAL NOTE NO. CA- 71
190-VI**

SUBJECT: ECS – Organic Fertilizer Calculator

Purpose: To transmit the above named Technical Note

Effective Date: When received.

This Excel based tool is useful for writing nutrient management plans when organic nutrient sources are used. It should be used when working with Organic producers or others who rely on organic nutrient sources such as manure. This tool will compare the cost, nutrient value, and nitrogen availability of organic materials and helps plan the most balanced and cost-effective fertilizer program.

Filing Instructions:

This Technical Note and new Index will be filed electronically in the California eFOTG under the hierarchy: Section I, Technical Notes, Agronomy.

<http://efotg.sc.egov.usda.gov/treemenuFS.aspx>

Field Offices may also optionally file hard copies in three-ring binder with other Agronomy Technical Notes. If a hard copy is maintained, update the Index with new entries.

A handwritten signature in black ink that reads "Matthew Drechsel". The signature is written in a cursive, flowing style.

MATTHEW DRECHSEL
Acting State Resource Conservationist

Enclosure: 1

Distribution: O
