**BIOLOGY TECHNICAL NOTE NO. CA - 19  
190-VI**

**SUBJECT: ECS – Pollinator Biology and Habitat in California**

**Purpose:** To transmit the above named Technical Note.

**Effective Date:** When received.

The Pollinator Biology and Habitat in California technical note is to be used during conservation planning as a guide to provide suitable habitat for pollinators, primarily native bees, but also including managed bees, for management practices and facilitating practices that restore, enhance, or manage lands in agricultural settings.

**Filing Instructions.** This Technical Note will be filed in Section I of the California electronic Field Office Technical Guide under the folder hierarchy: Section I, Technical Notes, Biology. <http://www.nrcs.usda.gov/technical/efotg>

**Optional Filing Instructions.** Field offices may optionally file this Technical Note in the Biology Technical Note binder, updating the Index when filed.

A handwritten signature in black ink that reads "Diane B. Holcomb". The signature is written in a cursive, flowing style.

DIANE B. HOLCOMB  
State Resource Conservationist
