**CALIFORNIA TECHNICAL GUIDE
450-VI**

TECHNICAL GUIDE NOTICE NO. 61

SUBJECT: Issue Revised California Conservation Specifications

Purpose: Transmit a revised Conservation Practice Specification and Construction Requirement Sheet (442A) for Section IV of California Technical Guides.

Effective Date: When Contents are Received.

Enclosed (attached electronically) is the revised California conservation practice specification and practice requirements sheet for Irrigation System, Sprinkler Hand-Move Mainlines and Laterals. It replaces Irrigation System, Sprinkler Hand-Move Aluminum Tubing. The Practice Standard has not changed.

The primary change is the broadening of the documents to cover the use of specially manufactured PVC pipe for above ground use.

Filing Instructions

1. Make appropriate pen and ink changes to “Index of Conservation Practice Standards and Specifications Index – Alphabetical Index”
2. Make appropriate pen and ink changes to “Index of Conservation Practice Standards and Specifications Index – Numerical Index”
3. Insert the revised practice specification and practice requirement sheet in alphabetical order in Section IV of the Field Office Technical Guide Practice Standards (print hard copies from attached electronic files). Remove the old specification and practice requirements sheet.

Refer questions to Dan Johnson, State Water Management Engineer.

A handwritten signature in cursive script that reads "Diane B. Holcomb". The signature is written in black ink and is positioned above the printed name and title.

DIANE B. HOLCOMB
State Resource Conservationist
