**CALIFORNIA TECHNICAL GUIDE
450-VI
TECHNICAL GUIDE NOTICE NO. 44**

SUBJECT: REFERENCE MATERIALS
CDF VEGETATIONAL MANAGEMENT PROGRAM ACRES BURNED

Purpose: To transmit prescribed burning acres for California 1987 to present.

Expiration Date: Effective upon receipt.

Background: The attached information describes the extent of prescribed burning activities sponsored by the California Department of Forestry and Fire Protection Vegetative Management Program (VMP). It is sorted by CDF Ranger Unit. With approximately 20 million acres of privately owned rangeland in California, these efforts are important for fuel management, wildlife habitat management, weed control, and forage improvement.

Filing Instructions: Reference and insert the enclosure into Section I of the Technical Guide under the Forestry Reference list.

A handwritten signature in cursive script that reads "Diane B. Holcomb".
