

## **FORAGE SUITABILITY GROUP**

### **Needs Field Review**

**FSG No.:** G034B2050CO  
**Major Land Resource Area:** 034B - Warm Central Desertic Basins and Plateaus  
**Land Resource Unit 34B-2:** 10-12 inches precipitation zone

#### **NOTE TO THE USER:**

Soils in this group do not meet the criteria for Forage Suitability Groups. Therefore, these soils will need a field determination by a soil scientist and /or forage specialist to evaluate their suitability for forage production. If the determination is positive, a forage suitability group will be assigned.

#### **COMPLETION DEFERRED UNTIL FIELD REVIEW**
