

STATEMENT OF WORK
FISHPOND MANAGEMENT
CODE (399)

DESIGN (PLANNING REQUIREMENTS)

Deliverables:

- 1 Document the planned purpose and specification(s) in the practice narrative, or on a separate sheet that is referenced in the practice narrative.
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. List of required permits to be obtained by the client
 - c. Practice standard criteria-related inventories and analyses to develop stream habitat management plans and specifications and operation and maintenance plan including but not limited to:
 - i. Aquatic species, stocking rates, size of stock, and time of year to do stocking
 - ii. Water source and suitability
 - iii. Feed requirements as applicable
 - iv. Fishing guidelines as applicable
 - v. Other requirements of the conservation practice standard Fishpond Management (Code 399)
- 2 Practice narrative will be included in the Conservation Plan of Operations (the Contract Support Document may serve as the Conservation Plan of Operations in certain situations).
- 3 Optional Document(s)
- 4 Written plans and specifications shall be provided to the client adequately describing the requirements to install the practice and obtain necessary permits.
- 5 Certification that the design meets practice standard criteria and complies with applicable laws and regulations
- 6 Design modifications during installation as required

INSTALLATION

Deliverables

- 1 Pre-application conference with client and contractor.
- 2 Verification that client has obtained required permits.
- 3 Application guidance as needed
- 4 Application inspection
 - a. Actual materials used
 - b. Inspection records
- 5 Facilitate and implement required design modifications with client and original designer
- 6 Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation
- 7 Certification that the application process and materials meet design and permit requirements
- 8 Provide application guidance as needed.

CHECK OUT

Deliverables

- 1 Records of application
- 2 Extent of practice units applied
- 3 Final quantities of materials used
- 4 Certification that the application meets NRCS Standards and Specifications and permit requirements.
- 5 Document findings in the Conservation Assistance Notes, Conservation Plan of Operations, and if applicable, the Contract Support Document (the Contract Support Document may serve as the Conservation Plan of Operations in certain situations.
- 6 Progress reporting.
