

## STATEMENT OF WORK

### Amendments for Treatment of Agricultural Waste

#### CODE (591)

#### DESIGN

---

##### Deliverables:

1. Design documentation that will demonstrate that the criteria in NRCS practice standard have been met and are compatible with other planned and applied practices.
  - a. Practice purpose(s) as identified in the conservation plan.
  - b. List of required permits to be obtained by the client along with other participant (client) responsibilities (Reference Form CO-ENG-13, Notification of Participant Responsibilities)
  - c. List of facilitating practices
  - d. Practice standard criteria related computations and analyses to develop plans and specifications including but not limited to:
    - i. Type and amount including the name of the amendment, the purpose for its use, and the planned outcome
    - ii. Method of application including rates, timing, mixing instructions, temperature requirements, and application frequency
    - iii. Environmental Considerations (e.g. location, water quality, air quality).
    - iv. Required tests to determine the effectiveness of the amendment as appropriate
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
3. Operation and Maintenance Plan
4. Certifications that the design meets practice standard criteria and comply with applicable laws and regulations
5. Design modifications during installation as required.

#### INSTALLATION

---

##### Deliverables

1. Pre-installation conference with client and contractor.
2. Verification that client has obtained required permits.
3. Installation guidance as needed
4. Facilitate and implement required design modifications with client and original designer
5. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation
6. Certification that the installation process and materials meets design and permit requirements. Form CO-ENG-1 may be used for this certification.

#### CHECK OUT

---

##### Deliverables

1. Records of application
  - a. Extent of practice units applied
  - b. Actual materials used
2. Certification that the application meets NRCS standards and specifications and is in compliance with permits. Form CO-ENG-12 may be used for this certification.
3. Progress reporting
