TECHNICAL GUIDE NOTICE NO. 541

March 2, 2005

Re: Transmit new Crop Management Zone x Prism Precipitation Map and revised Nutrient Management 590 Conservation Practice Job Sheet

This Technical Guide Notice transmits a new Crop Management Zone x Prism Precipitation Map and a revised Nutrient Management 590 Conservation Practice Job Sheet to Section I, Erosion Prediction, and Section IV, Conservation Practice Standards and Specifications, of the Colorado Field Office Technical Guide (FOTG), respectively.

The new Crop Management Zone x Prism Precipitation Map replaces the existing Crop Management Zone Map. The revised Nutrient Management 590 Conservation Practice Job Sheet provides clarification of phosphorus availability for manure or organic by-products applied once in two or more years.

This is the only copy of this Technical Guide Notice you will receive from the State Office. For questions regarding the content of this Technical Guide Notice, contact Jim Sharkoff at 720-544-2812, or by email at jim.sharkoff@co.usda.gov.

Printing and Filing Instructions

This notice is in the "FOTG Transmittals" folder in Section I of the Colorado electronic FOTG. Printing and filing hard copies is not required.
