TECHNICAL GUIDE NOTICE NO. 651

October 3, 2011

RE: Transmit New and Revised Plant Materials Technical Notes

This Technical Guide Notice transmits the following new and revised Plant Materials Technical Notes to the Technical Notes, Plant Materials folder in Section I of the Colorado electronic Field Office Technical Guide ([eFOTG](#)).

[New Plant Materials Technical Note No. 73](#), Drill Calibration - Provides information on how to calibrate a rangeland drill.

[New Plant Materials Technical Note No. 74](#), Seedbed Preparation - Details appropriate seedbed preparation methods for establishment of conservation plantings.

[Revised Plant Materials Technical Note No. 59](#), Plant Suitability and Seeding Rates for Conservation Plantings in Colorado - Includes additional Little bluestem varieties and supplemental information for PLS seeding rate calculations.

This Technical Guide Notice cancels the following document.

Plant Materials Technical Note No. 59, (September 2002)

This notice is filed in the Section I, Transmittals folder of the Colorado eFOTG. A [Section I Transmittals Index](#) is available in a 508 compliant PDF format.

Printing and Filing Instructions

District Conservationists are not required to maintain a hard copy of the eFOTG in their respective field offices. One copy of the Colorado eFOTG is maintained at the National Information Technology Center (NITC) Web Farm, and is available through <http://my.nrcs.usda.gov> and http://efotg.sc.egov.usda.gov/efotg_locator.aspx

Contact Information

Contact Christine Taliga, Plant Materials Specialist, at 720-544-2840 for questions regarding the content of this notice.

This is the only copy of this notice you will receive from the State office.
