FIELD OFFICE TECHNICAL GUIDE

CHANGE NOTICE 110

Purpose. To transmit technical documents to be inserted into the local FOTG.

Effective. This notice is effective when received.

The enclosed materials shall be filed in the appropriate section of the Field Office Technical Guide (FOTG) in accordance to these filing instructions. Electronic copies of these materials may be found in the eFOTG located at http://www.nrcs.usda.gov/technical/efotg/.

SECTION II

Assembled within a rubber band is the replacement Section II of the FOTG along with appropriate divider tabs. Please remove all contents from Section II of your existing FOTG and replace with the materials provided. From your existing Section II remove your local county-wide hydric soils list and place directly behind tab (A) #15. From your existing Section II remove all of the Cultural Resources contents and place behind tab (C).

Filing Instructions

Table with 2 columns: Remove & Archive, Insert. Contains instructions for handling existing materials and new transmittal contents.

SECTION IV

Section IV Table of Contents – Table of contents for Section IV is provided which includes reference to new materials associated with this change notice.

Anionic Polyacrylamide (PAM) Erosion Control, Code 450 – Several editorial and format changes have been incorporated into this revised practice standard.

Irrigation Land Leveling, Code 464 - Several editorial and format changes have been incorporated into this revised practice standard.

Irrigation Tailwater Recovery, Code 447 – Several editorial and format changes have been incorporated into this revised practice standard.

Irrigation Land Leveling Construction Specification – Code 464 Minor editorial changes were made to this revised construction specification.
