NATIONAL ENGINEERING FIELD HANDBOOK  
210-VI  
NOTICE FL-121

SUBJECT: ENG - NATIONAL ENGINEERING FIELD HANDBOOK, PART 650, FLORIDA  
SUPPLEMENT

Purpose. To supplement the National Engineering Field Handbook (NEFH), Part 650.

Effective Date. This supplement is effective when received.

This supplement transmits a revised Chapter 1 –“Procedure For Documenting Planning, Design, Construction, and Checkout of Engineering Conservation Practices.”

Chapter 1 was revised to include requirements for performing geologic investigations and developing quality assurance plans for engineering conservation practices. Additional revisions were made due to changes in the name of some of the engineering conservation practices and new engineering conservation practices.

It is highly recommended that all employees and partners involved in the planning, design, construction, and checkout of engineering conservation practices review the subject document and follow the guidance as applicable.

Filing Instructions. The attached supplements are to be filed in the NEFH, Part 650, Florida Supplement.
