

INSTRUCTIONS FOR USE OF CONSTRUCTION SPECIFICATION
LAND CLEARING, CODE 460

1. Applicability

This specification is applicable for the clearing and disposal of trees, snags, logs, brush, shrubs, stumps, and rubbish from the designated areas to accomplish the conservation objective.

2. Items to be included in the "ITEMS OF WORK AND CONSTRUCTION DETAILS" or construction drawings.
- a. A plan view and description of the limits of land to be cleared.
 - b. Disposal requirements for all materials not salvaged.
 - c. Orientation and layout of debris piles.
 - d. Location of areas off limits for disposal areas.
 - e. Location of trees or woody vegetation to be left undisturbed.
 - f. For timber to be salvaged include kinds of timber, length of logs, and location of stacking.
 - g. Burning related activities and authorizations.
 - h. Requirements to control erosion, water pollution and air pollution.
 - i. Vegetative requirements.
 - j. Site specific specifications that describe the condition of the cleared area needed to facilitate the planned use and treatment of the land, including surface grading requirements if applicable.
 - k. Measurement and payment.
