

# INSTRUCTIONS FOR USE OF CONSTRUCTION SPECIFICATION

## Access Road, Code 560

### 1. Applicability

This specification is applicable for the construction of an access road that provides a travel-way for equipment and vehicles as part of a conservation plan.

### 2. Items to be included in the "ITEMS OF WORK AND CONSTRUCTION DETAILS" or Construction Drawings.

- a. Location of access road.
- b. Profile of access road.
- c. Typical cross sections of access road.
- d. Borrow source.
- e. Access road width, length and grade including turnouts, parking, and turnarounds.
- f. Compaction requirements for structures including layer thickness and moisture control.
- g. Compaction requirements for the road bed including layer thickness and moisture control.
- h. Type and thickness of surface treatment.
- i. Details of all structures (location, size, type, length, and invert elevations) of all required for water management.
- j. Vegetative requirements.
- k. Protective measures to be installed in lieu of vegetation.
