## GEORGIA TECHNICAL GUIDE – SECTION IV – NOTICE GA155

This notice transmits revisions to the eFOTG.

### **CONSERVATION PRACTICE STANDARDS:**

**Emergency Animal Mortality Management, Code 368** – **NEW** – This is a new conservation practice standard defined as a means or method for the management of animal carcasses from catastrophic mortality events.

**Statement of Work** – **NEW** – To conform to the new National Standard.

### **Drawings:**

**Building Envelope Improvement, Code 672 Drawing:** New drawing added to conform to the State Standard.

**GA-ENG-672-01** – **NEW** – Curtain Walls to Batt Insulated Walls

**FILING INSTRUCTIONS:** If hard copies are maintained, file the new or revised documents. Archive or discard the outdated material.

A handwritten signature in blue ink, appearing to read "Diane Guthrie", is positioned above the typed name.

DIANE A. GUTHRIE  
State Conservation Engineer

**DIST:** All Employees
