

**STATEMENT OF WORK**  
**Fishpond Management (399)**  
**IOWA**

**These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.**

---

**DESIGN****Deliverables:**

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices
  - a. Practice purpose(s) as identified in the conservation plan.
  - b. List all required and/or facilitating practices
  - c. Practice standard criteria-related computations and analyses to develop plans and specifications including but not limited to:
    - i. Aquatic species and stocking rates
    - ii. Water source and suitability
    - iii. Feed requirements as applicable
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to apply the practice.
3. Operation and maintenance plan
4. Certification that the design meets practice standard criteria and comply with applicable laws and regulations
5. Design modifications during application as required

---

**INSTALLATION****Deliverables:**

1. Pre-application conference with client
2. Application guidance as needed
3. Facilitate and implement required design modifications with client and original designer
4. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during application
5. Certification that the application process and materials meets design requirements

---

**CHECK OUT****Deliverables:**

1. Records of application
  - a. Extent of practice units applied
  - b. Actual materials used
2. Certification that the application meets NRCS standards and specifications.
3. Progress reporting
