

STATEMENT OF WORK
Windbreak/Shelterbelt Renovation (650)
IOWA

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

DESIGN**Deliverables:**

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices.
 - a. Practice purpose(s) as identified in the conservation plan
 - b. Practice standard criteria-related computations and analyses to develop plans and specifications including but not limited to:
 - i. Determination of needed cultural measures including addition of new rows to maintain intended density and functions
 - ii. Protective measures for plants to maintain intended functions including use exclusion
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice.
3. Documentation of needed operation and maintenance.
4. Certification that the design meets practice standard criteria.
5. Design modifications during installation as required.

INSTALLATION**Deliverables:**

1. Pre-application conference with client.
2. Staking and layout according to plans and specifications including applicable layout notes.
3. Application guidance as needed.
4. Facilitate and implement required design modifications with client and original designer.
5. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation.
6. Certification that the application process and materials meet design requirements.

CHECK OUT**Deliverables:**

1. Records of application.
 - a. Extent of practice units applied
 - b. Actual cultural measures/plant materials used and applied
2. Certification that the application meets NRCS standards and specifications.
3. Progress reporting.
