FIRST AMENDMENT TO: Classification and Correlation of the  
Soils of Hancock County, Illinois

This amendment is issued to correct an error in the NOTES section on the taxadjunct classification of the soils mapped as Coatsburg. The amendment also corrects an error in the "Classification" table for those soils mapped as Ross.

The amendments to the Classification and Correlation of the Soils of Hancock County, Illinois, dated March 1993 are as follows:

**To the Notes on Classification and Correlation of the Soils of Hancock County:**

For the Coatsburg soils DELETE Haplaquolls and INSERT Ochraqualfs

**To the table Classification of the Soils of Hancock County:**

For the Soil name Ross Variant DELETE the word Variant.
