SECOND AMENDMENT

TO THE  
CLASSIFICATION AND CORRELATION  
OF THE SOILS OF  
MCHENRY COUNTY, ILLINOIS

NOVEMBER 1997

**AMENDMENT NO. 2**

A second correlation amendment needs to be added to the "Classification and Correlation of Soils in McHenry County, Illinois" document issued in February 1997. The map unit 802B - Orthents, loamy, 2 to 4 percent slopes, needs the map unit name changed to Orthents, loamy, undulating for consistency within the state. The map unit symbol remains the same. Revisions will need to take place on pages 13, 29, and 34.

Another change on the prime farmland table code for map unit 219A - Millbrook silt loam, 0 to 2 percent slopes from 1 to 2 (prime where drained) is needed. Revision will take place on page 45.
