TECHNICAL GUIDE NOTICE IL-155

Purpose: To transmit revised Threatened and Endangered Species Lists for Illinois Counties, Section II, Threatened and Endangered Species, eFOTG.

Background: A spreadsheet has been developed from which Field Offices can generate a county specific list of Federal and State Listed Threatened and Endangered Species. The spreadsheet will also generate county specific lists of Illinois Natural Areas Inventory Sites. The information in the spreadsheet is current as of May 2005. This information replaces the hard copy lists in Section II of the FOTG. To use the spreadsheet simply open the file, select the desired county, and print.

Access to eFOTG can be through the Illinois home page by clicking on "eFOTG" or by accessing <http://www.nrcs.usda.gov/technical/efotg/>

Action:

- Archive all hard copy lists in Section II, Threatened and Endangered Species, FOTG, dated June 2002.
- Begin using the attached spreadsheet for information on listed Threatened and Endangered Species and Illinois Natural Areas Inventory Sites.

The attached spreadsheet can be found at eFOTG, Section II, Threatened and Endangered Species, Threatened and Endangered Species Lists with Illinois Natural Areas Inventory Sites.

A handwritten signature in black ink that reads "William J. Gradle".
