INDIANA FIELD OFFICE TECHNICAL GUIDE NOTICE IN-193

This notice transmits:

- Revised copy of the Index of Section IV of the Field Office Technical Guide.
- Addition of links to county specific Conservation System Guides – Section III.

Filing Instructions:

Remove and replace the Index to Section IV of the FOTG with the attached revised index.

The NEW standard Animal Mortality Facility (316) should be added to the FOTG.

The following standards should be removed from the FOTG and be replaced with the revised standards. The revised standards are: Composting Facility (317); Closure of Waste Impoundment (360); Underground Outlet (620). Remove Contour Stripcropping (586) and replace it with Stripcropping (585). The revised standards may be downloaded from the Indiana NRCS eFOTG web page: <http://www.nrcs.usda.gov/technical/efotg/>. Select the Indiana page and go to Section IV to find standards. All standards are in PDF format. Make copies of the standards and place in the FOTG.

Section III of the Indiana FOTG has been modified to provide a county by county link to the Conservation System Guides. These guides will be used both by the new version of Customer Service Toolkit and by the Progress Reporting System. The guides can be located by going to Section III – Quality Criteria – Guidance Documents for Resource Management Systems and clicking on any of the individual counties.

If you need more information, please contact Darrell Brown at 317-290-3200, extension 350.
