

**STATEMENT OF WORK**  
**Hedgerow Planting (422)**  
**Kansas**  
**February 2012**

**State contact: State Resource Conservationist**

**These deliverables apply to this individual practice. For other planned practice deliverables, refer to those specific statements of work.**

## **DESIGN**

---

### **Deliverables**

1. Pre-design conference with client.
2. Contact district forester for planning assistance.
3. Planned practice as identified in the conservation plan will address the identified resource concern.
4. If enrolled in a conservation program, this practice must meet all conditions and requirements of program enrollment that may exceed the practice standard.
5. Design documentation that will demonstrate that the criteria in Natural Resources Conservation Service (NRCS) practice standard has been met and is compatible with planned and applied practices. (Form KS-ECS-5, Tree/Shrub Planting).
  - a. Practice purpose(s) as identified in the conservation plan
  - b. List of required permits to be obtained by the client
  - c. Practice standard criteria-related computations and analyses to develop plans and specifications including but not limited to the following:
    - i. Determination of adapted species of woody plants or erect perennial bunch grasses and extent and position in row(s)
    - ii. Protective measures for planting to provide desired function
    - iii. Additional provisions, as required, for wildlife cover, living fences, boundary delineation, contour marking, screens, and landscape appearance
6. Written plans and specifications (including sketches and drawings) shall be provided to the client that adequately describe the requirements to install the practice and obtain necessary permits.
7. Certification that the design meets practice standard criteria and complies with applicable laws and regulations will be documented on Form KS-ECS-5.
8. Compliance with all federal, state, tribal, and local laws and regulations and NRCS policies during design will be documented on Form NRCS-CPA-52, Environmental Evaluation Worksheet.
9. Compliance with NRCS national and state utility safety requirements (National Engineering Manual [NEM] Sections 503.0 through 503.6 and NEM Part KS503).
10. Documentation of needed operation and maintenance.
11. Report progress.

## **INSTALLATION**

---

### **Deliverables**

1. Pre-application conference with client.
2. Verification that client has obtained required permits.
3. Staking and layout according to plans and specifications including applicable layout notes.
4. Application guidance as needed.
5. Facilitate and implement required design modifications with client and original designer.
6. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation.
7. Certification that the application process and materials meet design and permit requirements (Form KS-ECS-5).

**STATEMENT OF WORK  
Hedgerow Planting (422)  
Kansas  
February 2012**

**CHECKOUT**

---

**Deliverables**

1. Records of application (Form KS-ECS-5).
  - a. Extent of practice units applied
  - b. Actual plant materials used and protective measures
2. Certification that the application meets NRCS standards and specifications and is in compliance with permits (Form KS-ECS-5).
3. Progress reporting.
