

Kansas Field Office Technical Guide - **Section II**

Special Environmental Concerns

9. Floodplain Management

Authority: EO 11988 Floodplain Management

The term "floodplain" shall mean the lowland and relatively flat areas adjoining inland and coastal waters; including areas subject to a one percent or greater chance of flooding in any given year.

Federal dollars will not be expended to construct facilities in a floodplain, usually referring to the 100-year frequency floodplain.

This floodplain may be determined from Federal Emergency Management Agency.
