FIELD OFFICE TECHNICAL GUIDE

LOUISIANA NOTICE 450-251

The Louisiana Resource Quality Criteria for (Resource Management Systems) RMS has been updated and is now available in the Louisiana FOTG in Section III.

Quality Criteria is defined in the National Planning Procedures Handbook as a quantitative or qualitative statement of a treatment level required to achieve an RMS for identified resource considerations for a particular land area. It is established in accordance with local, state, and federal programs and regulations of ecological, economic, and social effects.

Questions and/or comments regarding this information should be addressed to Steve Carmichael, State Resource Conservationist, at (318) 473-7774.
