FIELD OFFICE TECHNICAL GUIDE

LOUISIANA NOTICE 450-295

The purpose of this notice is to inform NRCS conservationists of recent changes and updates to the 374 Farmstead Energy Improvement Standard.

The changes include the addition of six new job sheets:

LA374A-1 Bulb Replacement in Poultry Houses: This job sheet contains definitions, general bulb information for both LED and CFL lighting, installation guidance, and operation and maintenance guidance. In addition, the last page contains a check-out/certification sheet.

LA374B-1 Insulating Poultry Houses: This job sheet contains definitions, general insulation information, installation guidance, and operation and maintenance guidance. In addition, the last page contains a check-out/certification sheet.

LA374C-1 Radiant Heaters in Poultry Houses: This job sheet contains definitions, general heater information, installation guidance, and operation and maintenance guidance. In addition, the last page contains a check-out/certification sheet.

LA374D-1 Stir Fans in Poultry Houses: This job sheet contains definitions, general fan information, installation guidance, and operation and maintenance guidance. In addition, the last page contains a check-out/certification sheet.

LA374E-1 Controllers in Poultry Houses: This job sheet contains definitions, general controller information, installation guidance, and operation and maintenance guidance. In addition, the last page contains a check-out/certification sheet.

LA374 Job Sheet for Buildings: This job sheet is used with the other job sheets for 374. It contains additional guidance on inspecting installations, additional computational areas for insulation and heaters, and an additional check-out certification.

As of July 1, 2014, these revised standards and statements of work will be adopted by Louisiana. These documents can be found in Section IV of eFOTG.

Questions and/or comments should be addressed to Mari Gilford, State Conservation Engineer at (318) 473-7791.

Kevin D. Norton
State Conservationist
