MASSACHUSETTS TECHNICAL GUIDE NOTICE NO. MA-267

TO: All holders of Field Office Technical Guide, Section IV

Purpose. To transmit notice of updated Conservation Practice documents.

Explanation. The following Conservation Practice documents have been updated:

- **Hedgerow Planting (Code 422).** The conservation practice standard has been updated with state criteria. The statement of work has been updated; a new jobsheet has been created.
- **Land Reclamation / Currently Mined Land (Code 544).** The conservation practice standard has been updated with state criteria, and the statement of work has been updated.
- **Nutrient Management (Code 590).** The phosphorus risk assessment tool (Excel spreadsheet) has been updated; several formatting errors have been corrected.
- **Riparian Forest Buffer (Code 391).** The conservation practice standard has been updated with state criteria. The statement of work has been updated; a new jobsheet has also been created.
- **Woody Residue Treatment (Code 384).** The conservation practice standard has been updated with state criteria. The statement of work has been updated; a new jobsheet has been created.

Filing Instructions. Insert this notice in front of Section I of the Field Office Technical Guide (FOTG). File the updated conservation practice documents in Section IV of the FOTG.

These documents have been posted to the Electronic Field Office Technical Guide (eFOTG).

A handwritten signature in blue ink that reads "Barbara P. Miller". The signature is written in a cursive style and is positioned above a light blue rectangular background.

Barbara P. Miller
Acting State Conservationist
