

**STATEMENT OF WORK**  
**Upland Wildlife Habitat Management (645)**  
**Michigan**

**These deliverables apply to this individual practice. For other planned practice deliverables, refer to those specific Statements of Work.**

---

**DESIGN****Deliverables:**

1. Design documentation that will demonstrate that the criteria in NRCS practice standard have been met and are compatible with other planned and applied practices.
2. Practice purpose(s) as identified in the conservation plan.
3. List of required permits to be obtained by the client.
4. List of facilitating practices.
5. Practice standard criteria-related inventories and analyses to develop Upland Wildlife Habitat Management plans and specifications including, but not limited to:
  - a. Resource inventories
  - b. Identification of wildlife targeted species and habitat requirements
  - c. Managing Michigan's Wildlife: A Landowner's Guide
  - d. Wildflower Planting: Michigan Conservation Management Sheet
  - e. Grain Food Plots for Wildlife: Michigan Conservation Management Sheet
  - f. Wildlife Corridor Development: Michigan Conservation Management Sheet
  - g. All Michigan CRP and CREP Program Sheets
6. Operation and maintenance plan.
7. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describe the requirements to install the practice and obtain necessary permits.
8. Certifications that the design meets practice standard criteria and complies with applicable laws and regulations.
9. Design modifications during installation as required.

---

**INSTALLATION****Deliverables**

1. Pre-application conference with client.
2. Verification that client has obtained required permits.
3. Application assistance.
4. Facilitate and implement required upland wildlife habitat management plan modifications with client and original designer.
5. Certification that the application process meets upland wildlife habitat management plan and permit requirements.
6. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation.
7. Certification that the application process and materials meet design and permit requirements as required in Michigan eFOTG, Section IV, Upland Wildlife Habitat Management, Plans and Specification subsection.

---

**CHECK OUT****Deliverables**

1. Records of application.
  - a. Extent of practice units applied
2. Certification that the installation meets NRCS standards and specifications and is in compliance with permits.
3. Progress reporting.
