

STATEMENT OF WORK
Cross Wind Trap Strips (589c)
Minnesota

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

DESIGN**Deliverables:**

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. List of required permits to be obtained by the client
 - c. List all required and/or facilitating practices
 - d. Practice standard criteria-related computations and analyses to develop plans and specifications including but not limited to:
 - i. Number and width of trap strips
 - ii. Location of trap strips
 - iii. Vegetative cover including seeding rate and species (if applicable)
 - iv. Width of cropped strip
 - v. Orientation of trap strips in relation to direction of erosive winds
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits. Plans and specifications shall be developed in accordance with the requirements of conservation practice standard Cross Wind Trap Strips (Code 589C).
3. Operation and maintenance plan
4. Certification that the design meets practice standard criteria and comply with applicable laws and regulations
 - a. Signed Legal Responsibilities Certification Form if requested by NRCS.
5. Design modifications during installation as required
6. Wildlife considerations.

INSTALLATION**Deliverables**

1. Pre-installation conference with client
2. Verification that client has obtained required permits
3. Staking and layout according to plans and specifications including applicable layout notes
4. Installation guidance as needed
5. Facilitate and implement required design modifications with client and original designer
6. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation
7. Certification that the installation process and materials meets design and permit requirements

CHECK OUT**Deliverables**

1. Records of installation
 - a. Extent of practice units applied
 - b. Actual kind and amount of seed planted
 - c. Actual width and number of strips installed
2. Certification that the installation meets NRCS standards and specifications and is in compliance with permits
 - a. Signed Legal Responsibilities Certification Form if requested by NRCS
3. Progress reporting
 - a. Provide NRCS with a copy of the reporting print screen if requested.
4. Sign hard-copy of Form CCC-1245 if requested by NRCS.
