

STATEMENT OF WORK
Conservation Cover (327)
Missouri

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

DESIGN

Deliverables:

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. List of required permits to be obtained by the client
 - c. List all required and/or facilitating practices
 - d. Practice standard criteria-related computations and analyses to develop plans and specifications including but not limited to:
 - i. Planting dates
 - ii. Site preparation
 - iii. Species selection and seeding rates (Pure Live Seed)
 - iv. Method of planting
 - v. Fertilizer and agricultural lime needed (based on soil tests when applicable)
 - vi. Management of vegetation after establishment
 - vii. Wildlife considerations
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits. Plans and specifications shall be developed in accordance with the conservation practice standard Conservation Cover (327).
3. Operation and maintenance plan.
4. Certification that the design meets practice standard criteria and comply with applicable laws and regulations.
5. Design modifications during application as required.

INSTALLATION

Deliverables

1. Pre-application conference with client.
2. Verification that client has obtained required permits.
3. Staking and layout according to plans and specifications including applicable layout notes.
4. Application guidance as needed.
5. Facilitate and implement required design modifications with client and original designer.
6. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during application.
7. Certification that the application process and materials meets design and permit requirements.

CHECK OUT

Deliverables

1. Records of application
 - a. Extent and location of practice units applied (acres)
 - b. Actual materials used
 - c. Adequacy of seeding
2. Certification that the application meets NRCS standards and specifications and is in compliance with permits.
3. Progress reporting.
