MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 393

This transmittal provides updated information on native vegetation designations for Missouri's soil series. Since the original posting in September 1997, we have added 44 soil series and are changing 13 soil series to match the official series description.

Native vegetation designations are used in several of our programs to determine application of various conservation practices.

If you have questions contact Clayton Lee, Soil Scientist (573) 876-0907 or email at clayton.lee@mo.usda.gov.

Filing Instructions: The Native Vegetation list has been posted on the Missouri eFOTG under Section II – G. Ecological Site Information.

A handwritten signature in black ink that reads "Roger A. Hansen".

ROGER A. HANSEN
State Conservationist
