MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 420

The following revised Missouri conservation practice standards and supporting documents have been posted on the Missouri eFOTG:

***Vertical Drain (630):*** Standard, Construction Specification, Operation and Maintenance Guide and Statement of Work.

Standard changes include sinkhole depth limitations, woody habitat and wetland effects evaluation, criteria that prohibits the blocking sinkholes and inlet grating requirements. The construction specification and O&M Guide are new additions to the standard. The practice remains limited to the shallow karst systems found in Ste. Genevieve, Cape Girardeau and Perry Counties.

***Irrigation Water Management (449):*** Statement of Work.

If you have any questions regarding the material in this transmittal, please contact Marty Comstock, Agricultural Engineer, Columbia, MO.

A handwritten signature in black ink that reads "Roger A. Hansen".

ROGER A. HANSEN  
State Conservationist
