MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 425

The following Missouri Conservation Practice Information Sheets have been posted on the Missouri eFOTG.

Restoring Remnant Native Plant Communities Suppressed by Undesirable Grasses (IS-MO643R)
Preparing Non-Native Cool-Season Grasses for Conversion to Wildlife-Friendly Vegetation (IS-MO645C)

Information Sheets are located in Section IV, under the related Conservation Practice. Field offices should use this information sheet with land users that have extended questions dealing with the related subject matter.

If you have any questions regarding material in this transmittal, contact Pat Graham, Biologist, Columbia, Missouri.

A handwritten signature in black ink that reads "Roger A. Hansen". The signature is written in a cursive style.

ROGER A. HANSEN
State Conservationist
