MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 429

The following new and revised Missouri standards and statements of work (SOW) have been posted on the Missouri eFOTG. The revised practice SOWS are located in Section IV, under the related Conservation Practice.

*Waste Storage Facility (313) – standard, construction specification and statement of work*  
*Clearing and Snagging (326) – standard, construction specification and statement of work*  
*Dam, Diversion (348) – standard, construction specification and statement of work*  
*Well Decommissioning (351) – standard, construction specification and statement of work*  
*Access Road (560) – standard, construction specification and statement of work*  
*Streambank and Shoreline Protection (580) – standard and statement of work*  
*Structure for Water Control (587) – standard and statement of work*  
*Subsurface Drain (606) – standard, construction specification and statement of work*  
*Surface Drainage, Field Ditch (607) – standard, construction specification and statement of work*  
*Wetland Restoration (657) – standard, construction specification and statement of work*

Revised standards will be archived in Section I of the eFOTG under the appropriate year that the standard was revised.

Field offices should use SOWs for guidance on practice design, installation and documentation. If you have any questions regarding material in this transmittal, contact Marty Comstock, Agricultural Engineer, Columbia, Missouri.

A handwritten signature in black ink that reads "Roger A. Hansen".
