MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 443

The following Missouri conservation practice standards, statements of work (SOW), agronomy specification and cultivars information sheet have been posted on the Missouri eFOTG:

Conservation Cover (327) - Standard and SOW

Standard was revised to clarify wording for the wildlife habitat enhancement purpose.

Pasture and Hay Planting (512) - Standard and SOW

Standard was revised to utilize the Vegetation Establishment, Herbaceous Seeding (723) Specification.

Upland Wildlife Habitat Management (645) - Standard and SOW

Standard was revised to correct wording on the use of the Vegetation Establishment, Herbaceous Seeding (723) Specification.

Vegetation Establishment, Herbaceous Seeding (723) - Specification

Specification was revised to include approved cultivars, companion crops, and fertility recommendations for establishment.

Native Grass Cultivars/Selections Information Sheet (IS-MO723)

New publication with information on specific plant cultivars.

If you have any questions regarding the material in this transmittal, please contact Ron Miller, State Agronomist; Pat Graham, State Biologist, Columbia, Missouri; or John Turner, Grassland Conservationist, Moberly, MO.

A handwritten signature in black ink that reads "Roger A. Hansen".

ROGER A. HANSEN
State Conservationist
