MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 446

The following Missouri construction specification and information sheet have been posted on the Missouri eFOTG:

Reinforced Concrete (750) - Specification

The only change to the specification is to clarify that the required strength of the concrete and the grade of the reinforcing steel listed in the specification may be superseded by a note on the construction drawings.

Plant Characteristics Information Sheet (IS-MO723s)

Specific plant characteristics have been identified and summarized for relative comparisons and species compatibility. Use this information to select species to use in seeding mixtures.

If you have any questions regarding the material in this transmittal, please contact Marty Comstock, Agricultural Engineer, Columbia, MO, for Reinforced Concrete (750) Specification and Ron Miller, State Agronomist, Columbia, MO for Plant Characteristics Information Sheet (IS-MO723s).

A handwritten signature in black ink that reads "Roger A. Hansen".

ROGER A. HANSEN
State Conservationist
