MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 450

The following Missouri conservation practice standards and statements of work have been posted on the Missouri FOTG:

- *Alley Cropping (311) – Standard and Statement of Work*
- *Silvopasture Establishment (381) – Standard and Statement of Work*
- *Tree/Shrub Establishment (612)- Standard and Statement of Work*
- *Windbreak/Shelterbelt Establishment (380)- Standard and Statement of Work*

Minor word editing and criteria statement changes have been made in the listed standards. Most planting specifications formerly in 311, 380, and 381 have been incorporated into 612. Green ash has been removed as a recommended tree from all standards due to potential problems from the introduction into Missouri of the Emerald Ash Borer.

If you have any questions regarding the material in this transmittal, please contact Doug Wallace, State Forester, State Office, and Columbia, MO.

A handwritten signature in black ink that reads "Roger A. Hansen".
