The following Missouri conservation practice statement of work (SOW) has been posted on the Missouri eFOTG:

- *Comprehensive Nutrient Management Plan (CNMP) – Statement of Work*

The Comprehensive Nutrient Management Plan Statement of Work has been reorganized and reworded to clarify that all sources of nutrients (i.e., nutrients from both manure and commercial fertilizer products) must be accounted for in the CNMP. The CNMP Statement of Work can be found on the FOTG under Section III. D. Technical Criteria—Conservation Activity Plans *and* under Section IV. A. Non-Practice Statements of Work.
