MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 470

The following Missouri Cultural Resources information has been posted on the Missouri FOTG:

- *Ground Disturbing Potential for Conservation Practices*

The Ground Disturbing Potential for Conservation Practices has been updated to include Seasonal High Tunnel System for Crops.

If you have any questions regarding the Ground Disturbing Potential for Conservation Practices, please contact Lydia VerBrugge, Cultural Resources Coordinator, State Office, Columbia, MO.

A handwritten signature in black ink that reads "J.R. Flores". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

J.R. FLORES  
State Conservationist
