MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 471

The following Missouri conservation practice standard and statement of work (SOW) have been posted on the Missouri eFOTG:

- *Cover Crop (340): Standard and SOW*
The Cover Crop possibilities were expanded with more information for planners to use.
- *Riparian Herbaceous Cover (390): Standard and SOW*
This is a national standard that is being adopted for use in Missouri. Minor changes have occurred throughout this standard. No changes were made to the statement of work.
- *Aerial Seeding of Cover Crops (IS-MO340): Information Sheet*
General information on using aerial seeding to broadcast cover crop seed.

Questions regarding the Cover Crop (340) standard and SOW or the Aerial Seeding of Cover Crops (IS-MO340) should be directed to Ron Miller, State Agronomist and questions regarding the Riparian Herbaceous Cover (390) Standard and SOW should be directed to Chris Hamilton, State Wildlife Biologist.

A handwritten signature in black ink that reads "J.R. Flores".
