MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 478

The following Missouri conservation practice standard and statement of work has been posted on the Missouri eFOTG:

- *Shallow Water Development and Management (646) – Standard and Statement of Work*
Changes made to CRITERIA, CONSIDERATIONS, PLANS AND SPECIFICATIONS and TABLE 1. One change to note was made under Criteria for Waterfowl Habitat. The statement “Conservation practices Nutrient Management (590), Pest Management (595), and Residue Management Practices (329, 344, 346) shall be planned and applied to all flooded cropland in order to minimize environmental risks and increase invertebrate foods for waterfowl”, was placed under “Considerations”.

If you have any questions regarding Shallow Water Development and Management (646) please contact Chris Hamilton, State Biologist, Columbia, MO.

A handwritten signature in black ink that reads "J.R. Flores". The signature is fluid and cursive, with a long horizontal stroke at the end.

J.R. FLORES
