MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 489

The following Missouri Job Sheet has been posted on the Missouri eFOTG:

- *Seasonal High Tunnel System For Crops (JS-Agron-35) – Job Sheet*  
A change was made under General Specifications to allow the use of permanent beds. This is consistent with the Seasonal High Tunnel System for Crops (798) Interim Standard.

The dimensions of the Seasonal High Tunnel are added as a component of the First Year Annual Report.

If you have any questions regarding the Seasonal High Tunnel System for Crops Job Sheet (JS-Agron-35) please contact Paul Duffner, Resource Conservationist, Columbia, MO.

A handwritten signature in black ink that reads "J.R. Flores". The signature is fluid and cursive, with a long horizontal stroke at the end.

J.R. FLORES  
State Conservationist
