MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 499

The following Missouri Agronomy Specification has been posted on the Missouri Field Office Technical Guide (FOTG):

- *Vegetation Establishment, Herbaceous Seeding – Specification (723)*
Several changes were made to this specification. Major changes include: new table created to better explain needed site preparation, seedbed preparation and seed placement; base seeding rate for orchardgrass and tall fescue were increased; soil fertility requirement for establishment was clarified. Other changes were made for clarification purposes.

If you have any questions regarding this Agronomy Specification please contact Mark Kennedy, State Grassland Specialist, Houston, MO.

A handwritten signature in black ink that reads "J.R. Flores".
