MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 530

The following Missouri Conservation Practice Standard, Statement of Work (SOW) and Jobsheet have been posted on the Missouri Field Office Technical Guide under Section IV > Conservation Practices:

- *Drainage Water Management (554): Standard, SOW and Jobsheet* – Several changes have been made to more adequately specify what is required in a Drainage Water Management Plan.

If you have questions regarding the material in this transmittal, please contact Brandon Viers, Civil Engineer, Columbia, Missouri.

A handwritten signature in black ink that reads "J.R. Flores". The signature is fluid and cursive, with a long horizontal stroke at the end.

J.R. Flores  
State Conservationist
