MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 553

The following Missouri Conservation Practice Standard, Statement of Work (SOW), Appendix 1, and Information Sheet have been posted on the Missouri Field Office Technical Guide under Section IV > Conservation Practices:

- *Cover Crop (340)* – Standard, SOW, and Appendix 1
Minor changes were made under General Criteria and Considerations Section. Appendix 1 was revised for clarity and guidance.
- *Allelopathy and Cover Crops (IS-MO-340Allelopathy)* – Information Sheet
Developed to address allelopathy definitions and applicability with cover crops.

Job sheets Conservation Crop Rotation (JS-MO328) and Residue and Tillage Management (JS-MO329/345) were also updated for planning, applying and certification of conservation practices.

If you have questions regarding the Cover Crop Standard, SOW, or Appendix 1, or JS-MO328 and JS-MO329/345 contact Jodie Reisner, State Conservation Agronomist, Columbia, Missouri. Questions regarding the Allelopathy and Cover Crops Information Sheet contact Jerry Kaiser, Plant Materials Specialist, Elsberry, Missouri, or Jodie Reisner.
