

STATEMENT OF WORK
Animal Mortality Facility (316)
Mississippi

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

DESIGN

Deliverables:

1. Design documentation that will demonstrate that the criteria in NRCS practice standard have been met and are compatible with other planned and applied practices.
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. List of required permits to be obtained by the client.
 - c. Compliance with NRCS national and state utility safety policy (NEM Part 503-Safety, Subpart A - Engineering Activities Affecting Utilities 503.00 through 503.06).
 - d. List of facilitating practices
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
3. Operation and Maintenance Plan
4. Certifications that the design meets practice standard criteria and comply with applicable laws and regulations (NEM Subpart A, 505.03(b)(2)).
5. Design modifications during installation as required.

INSTALLATION

Deliverables

1. Pre-Installation conference with client and contractor.
2. Verification that client has obtained required permits.
3. Staking and layout according to plans and specifications including applicable layout notes.
4. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation.
5. Certification that the burial of catastrophic animals meet design and permit requirements as outlined in fact sheet for "Planning for Burial of Catastrophic Animal Mortality for All Type Animals (excluding disposal of diseased carcasses)."

CHECK OUT

Deliverables

1. Certification that the burial of catastrophic animals meets NRCS standards and specifications.
2. Progress reporting.
3. Post-application conference with the client and District Conservationist.
