

STATEMENT OF WORK
Forage Harvest Management (511)
Montana

State Contact: State Resource Conservationist (406) 587-6998

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work. Planners shall follow and document all the requirements as outlined in the practice standard. The planner shall also follow the specification and job sheet requirements for the practice. Documentation and certification requirements for the practice are also outlined in the NRCS 450-General Manual, Part 407, Documentation, Certification and Spot Checking, MT407.10. This is located on the Montana eFOTG site at http://efotg.nrcs.usda.gov/references/public/MT/GM_450_Part_407.pdf

DESIGN

Deliverables:

1. Design documents that demonstrate criteria in practice standard have been met and are compatible with planned and applied practices
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. List of required permits to be obtained by the client
 - c. List of facilitating practices (i.e. Pasture and Hay Planting)
 - d. Practice standard criteria-related inventories and analyses to develop forage management plans
2. Written plans and specifications including drawings and details shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
3. Specification sheet provided to the client that adequately describes the requirements to apply the practice and obtain necessary permits.
4. Identify fields where practice to be applied on a farm or ranch plan map.
5. Operation and maintenance plan
6. Certification that the forage management plans meets practice standard criteria and comply with applicable laws and regulations
7. Design modifications during installation as required

INSTALLATION

Deliverables

1. Pre-application conference with client
2. Verification that client has obtained required permits and understands the final designed practice
3. Application advise
4. Facilitate and implement required design modifications with client and original designer
5. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during implementation
6. Certification that the application process meets the forage management plan and permit requirements

CHECK OUT

Deliverables

1. Certification that the application meets NRCS standards and specifications and is in compliance with permits
2. Progress reporting
3. Exit conference with client and contractor.
