STATEMENT OF WORK
Early Successional Habitat Development/Management (647)
Maryland

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

DESIGN

Deliverables:

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices:
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. List of required permits, if applicable, to be obtained by the client.
 - c. List all required and/or facilitating practices.
 - d. Practice standard criteria-related computations and analyses to develop plans and specifications including but not limited to:
 - i. Desired plant community.
 - ii. Erosion calculations.
 - iii. Vegetative manipulation.
 - iv. Species selection.
 - v. Wildlife considerations.
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
3. Operation and maintenance plan.
4. Certification that the design meets practice standard criteria and comply with applicable laws and regulations.
5. Design modifications during application as required.
6. Design work shall be in accordance with the Maryland conservation practice standard. Plans shall be prepared in accordance with the **PLANS AND SPECIFICATIONS** and the **SUPPORTING DATA AND DOCUMENTATION** sections of the Conservation Practice Standard.

INSTALLATION

Deliverables

1. Pre-application conference with client.
 2. Verification that client has obtained required permits.
 3. Staking and layout according to plans and specifications, including applicable layout notes.
 4. Application guidance as needed.
 5. Facilitate and implement required design modifications with client and original designer.
 6. Advise client/NRCS on compliance issues with all federal, state, and local laws, regulations and NRCS policies during application.
 7. Certification that the application process and materials meet design and permit requirements.
 8. Implementation and certification shall be in accordance with the **OPERATION AND MAINTENANCE** and **SUPPORTING DATA AND DOCUMENTATION** sections of the Maryland conservation practice standard.
