

Exhibit NC2-1: Instructions on how to use and access the NRCS Web Soil Survey (WSS). Go to a computer that has web access and start an Internet Explorer application. Type in the following web address “<http://websoilsurvey.nrcs.usda.gov>” on the open line as illustrated (see red arrow). There are 3 basic steps; Define, View/Explore, and Checkout. You must first select the button “Start WSS” to begin the process. Follow the on-line instructions to define and view data and/or maps for your area of interest.

The screenshot displays the Web Soil Survey (WSS) homepage in Microsoft Internet Explorer. The browser's address bar shows the URL <http://websoilsurvey.nrcs.usda.gov/>, with a red arrow pointing to it. The page header features the USDA logo and the text "Web Soil Survey". A navigation menu includes "Home", "About Soils", "Help", and "Contact Us".

The main content area is titled "Welcome to Web Soil Survey (WSS)" and includes a prominent "START WSS" button. Below this, three basic steps are outlined:

- 1 Define.** This step involves using the "Area of Interest (AOI)" tab to define the area of interest. A screenshot of the AOI interface is shown.
- 2 View/Explore.** This step involves using the "Soil Map" and "Soil Data Explorer" tabs. A screenshot of the Soil Data Explorer interface is shown.
- 3 Check Out.** This step involves using the "Shopping Cart" tab to get a custom report. A screenshot of the Shopping Cart interface is shown.

A sidebar on the left offers a search function and a "Browse by Subject" menu. On the right, there are sections for "I Want To...", "Announcements/Events", and "I Want Help With...".
