TECHNICAL GUIDE NOTICE ND-113

This notice announces revisions and updates to the Field Office Technical (FOTG) as follows:

Section I

- The Cost Data – 2008 has been added to the Section I – Cost Data subfolder. Cost Data is provided to assist in determining individual component cost. This data was utilized to create the Payment Schedules used in the cost shared programs. Changes from Cost Data - 2007 are identified by a vertical line within the page margin.
- A link to the National Nutrient Management Technical Note No. 6, *Nitrogen Efficiency and Management*, has been added to Section I – Reference Subjects – Agronomy – Nutrient Management subfolder.

Section IV

- Wetland Enhancement – 659 Standard has been revised. Prior to installation, plans and specifications for the practice must be approved by an NRCS Area or State Biologist.
- Wetland Enhancement – 659 Fact Sheet has been revised. The outdated version referred to a Design and Installation Guide, but the document was never developed.

Questions regarding cost list data may be directed to Stuart Blotter, Resource Conservationist, at (701) 530-2034 or stuart.blotter@nd.usda.gov. Questions regarding Wetland Enhancements may be directed to Dave Dewald, Biologist, at (701) 530-2083 or dave.dewald@nd.usda.gov.
