Field Office Technical Guide Notice ND-11

This notice transmits a revised Table of Contents for Section III of the Field Office Technical Guide (FOTG) and summarizes revisions of Section III contents located on the North Dakota NRCS homepage, <http://www.nd.nrcs.usda.gov/resources/section3.htm>.

- Table 1 Quality Criteria Guide for Resource Management Systems, dated January 2002, has been revised by deleting Soil Tilth as a primary resource concern.
- Table 2 Planning Guide for Resource Management Systems, dated January 2002, has been revised by adding the following primary resource concerns to one or more land uses;

SOIL

- 1) Erosion
- e) Stream bank

ANIMALS- *wildlife*

- 1) Habitat- a) Food
- b) Cover and Shelter
- c) Water

- Resource Concerns Checklist for Conservation Planning in North Dakota, dated January 2002, has been revised to indicate with bold boxes the Primary Resource Concerns matching those listed in Tables 1 and 2.

FILING INSTRUCTIONS:

Destroy all existing hard copies of Section III Table of Contents, Table 1, Table 2, Resource Concerns Checklist, and all copies of similar documents used for Section III Quality Criteria training provided Feb 6, 12, and 13, 2002.

Print out a new Section III Table of Contents from the attached electronic file and place it in the Section III hard copy binder.

The homepage always contains the current version of FOTG contents available in electronic format, and is preferable to maintaining hard copy of those documents. If you have any questions please contact Mark A. Anderson, Resource Conservationist at (701)-530-2039 or email at mark.anderson@nd.usda.gov.
