## TECHNICAL GUIDE NOTICE ND-143

### Section III

The National and State Resource Concerns and Conservation Planning document, issued with the release of National Bulletin 450-13-2, has been placed in FOTG – Section III – [Resource Management Systems and Criteria](#).

The new document clarifies the relationship between the list of 31 resource concerns and the resource concern components needed by planners to accurately plan and evaluate conservation systems that address resource issues. The resource concerns and components will be integrated into Toolkit, Conservation Practice Physical Effects, and the Program Contracts System.

Question regarding planning and resource concerns should be directed to Todd Schwagler, State Resource Conservationist, at 701-530-2084 or [todd.schwagler@nd.usda.gov](mailto:todd.schwagler@nd.usda.gov).
